I joined Talent Fusion on 8th June 2009 only thought in a mind that I would get good placement. First few days, I was blank but the trainers Anurita & Amisha made me realise and opened my blocked thought & made my mind work in good spirit of learning recruitment.

It was not just learning recruitment but how well organised one should be, while performing the duties.

Before we could finish our training our placement co-ordinator had job openings for us, I performed good in my interview & got placement in "Krish Consultancy" at Kaman Nagar. When it's time to leave, I would like to express my gratitude to each and every member of Talent Fusion for giving me support.

It was really a fun learning and good practical know how about a through procedure about learning. It would only a bit whatever we say we get profit from Talent Fusion.

Placement - Krish - Consultancy

With warm regards & Thanks to all Talent Fusion members.
